## Question: 2

You are driving to a vendor for their first assessment. The facility is in a rural area, twenty miles away from the nearest large town. What most concerns you about the location?

- A. The local fire service may not be able to reach the facility within 15 minutes
- B. Law enforcement services may not be able to reach the facility in a timely manner
- C. Power blackouts may affect security systems
- D. There may not be adequate retail outlets, which may cause problems when sourcing lunch items for onsite personnel

**Answer: B**

## Question: 3

A vendor wants to know if they will be penalized if their vault is not compliant. Who should they ask?

- A. PCI SSC
- B. Assessor
- C. Issuing banks
- D. Payment brands

**Answer: B**

---

## Question: 4

A vendor receives cardholder information and keys from a bank. The vendor then performs the following:

- \* Uses its HSM to create keys
- \* Creates cardholder information specific to each cardholder, including name and PAN
- \* Formats the data for the hardware that will put it on a card
- \* Writes it to an encrypted file

Which of the following best describes this process?

- A. Data creation
- B. Data preparation
- C. Manufacture
- D. Pre-personalization

**Answer: D**

## Question: 5

An assessor must provide which of the following to their client at the start of every assessment?

- A. CPSA Feedback Form
- B. Quality Assurance Manual
- C. Attestation of Compliance
- D. Vendor Release Agreement

**Answer: C**
